

Your Decisive Competitive Edge.

Company Overview

Athena SWC LLC is a business improvement consulting company that provides best practice solutions that enable businesses to achieve operational excellence that can be leveraged and exploited to increase market share and bottom line-profits.

We achieve this by guiding our clients to think through, develop and implement strategies and improvements that are best for their business and that help them achieve a distinct and competitive advantage.

Our solution toolkit includes synchronized process methods, supported by enabling technologies, that help companies create operational excellence in areas of:

- ***Marketing and Sales***
- ***Production and Shop Floor***
- ***Supply Chain and Distribution***

Our solutions are built upon years of industry experience, proven results and an application foundation using the Theory of Constraints (TOC) holistic thinking processes and methodologies. Athena's solutions include:

- ***Synchronized Relationship Acquisition and Management™***
- ***Synchronized Production Flow***
- ***Synchronized Demand Replenishment***
- ***Strategic Planning and Business Plan Development***
